Osteria collection

Quella della nonna, a quadri, è da tutti considerata la tovaglia per antonomasia. Abbiamo voluto arricchire la linea classica, che richiama l'osteria di un tempo, con quadretti e colori più attuali, per garantire un risultato più chic, pur mantenendo quel sapore "di casa" tanto apprezzato.

ENG

The chequered pattern, beloved by grandmothers, is universally considered to be the tablecloth par excellence. We wanted to enrich the classic line, which recalls the tavern of yesteryear, with check patterns and more contemporary colours, to ensure a more chic result, while maintaining that much-loved "homey" flavour.

DEU

Die karierte Tischdecke, die von allen als die Großmutter Tischdecke par excellence angesehen ist. Wir wollten die klassische Linie, die an die Taverne vergangener Zeiten erinnert, mit Quadraten und aktuelleren Farben bereichern, um ein schickeres Ergebnis zu erzielen und gleichzeitig den beliebten „Zuhause“-Geschmack beizubehalten.

FRA

La nappe de grand-mère, à damier, est considérée par tous comme la nappe par excellence. Nous voulions enrichir la ligne classique, qui rappelle la taverne d'antan, avec des carrés et des couleurs plus actuelles, pour assurer un résultat plus chic, tout en maintenant la saveur.

ESP

Todos consideramos el mantel de la abuela, de cuadros, como el mantel por antonomasia. Hemos querido enriquecer la línea clásica, que recuerda a las posadas de antaño, con cuadros y colores más actuales para lograr un resultado más elegante, sin renunciar al tan apreciado sabor «de casa».

Our goal is to be discovered by new potential customers, but most important is also remaining in contact with those who have already chosen Ventidue Srl.

In this way, we can constantly inspire our customer-followers, by transmitting our best vision of furniture and mise en place to our pages.

The content produced throughout the year will be designed according to festivities or strategic topics that may interest the audience that follows us; the aim is to transfer useful tips and ideas for refreshing your location.

BRAND AWARENESS, DIRECT CONTACT with our customers and WIN WIN strategy!

The keyword for our social profiles is engagement. Thanks to a careful creation of content based on the analysis of the target, we produce every month an editorial calendar that aims to empathize with our followers.

The photos we create are studied in every single detail and will help our customers' profiles to grow with quality content!

Even the photos of your locations are a treasure for our company; remember to tag us in your social profiles!

Your posts and your stories with our products fill us with pride, and we are pleased to give more visibility to your place and your social networks!
